

In today's business environment, companies must depend on a variety of specialized staffing solutions to meet their organization's needs. The true value of having a trusted partner to rely on ... can be priceless.

WalkerHealthcareIT understands the value of having talented resources available. Whatever your situation, we've got the ability and capacity you need to take on the challenge.

Walker HIT offers talented consultants to assist Healthcare organizations with the implementation and administration of their software solutions. We have the ability to assemble entire teams to tackle complex staffing assignments, or we can focus on that one specific individual that you need to keep growing your business.

WalkerHealthcareIT, a certified Minority Business Enterprise (MBE), delivers value to its clients by addressing the human capital needs of their enterprise. Our primary focus is service excellence and competence in everything we do.

We take a comprehensive approach to client engagement and combine it with industry knowledge to keep your organization staffed for peak performance at all times. Whether we are providing **Contract, Contract-To-Hire** or **Direct Placement** resources, we can be counted on to work with you to provide highly skilled talent.

We stand behind our talent, and we have an in-depth screening process that goes beyond the resume. We uncover motivations, desire and attitudes in addition to skills and talents. We understand that the professionals we provide are an extension of your enterprise and a reflection of your organization. We take that role seriously and provide you with the best talent in the industry.
